Senior Group	Lau Sin Yee Chi Shuk Ki	Second Class Honour Best Design Award

Description:

4D Lau Sin Yee and 4C Chi Shuk Kei earned the Second Class Honour and Best Design Award in the 2018 Fun Science Competition 《Saving All》.

Participating students were required to make a device by applying different areas in physics such as friction force, centre of gravity, potential and electrical energy and engagement of engineering skills to complete the tasks set by the organisers. This year, The participants have to make a moving car with mechanism to trigger a sensor and collect the falling balls.

The design and craftsmanship of the car are highly appreciated by the judges that we were invited to have demonstration during the award ceremony.
