Description:

As one of the Hong Kong representative teams, our students joined the Odyssey of the mind World Finals 2018 from 21st May, 2018 to 28th May, 2018. In the World Finals, in spite of solving the long-term problem, which had been prepared for several months, and spontaneous problem, our students grabbed the precious chance to have culture exchange with our buddy team from California, pin trading with other team from other countries including US, Poland, Japan, Mexico…..
