My Special Classmate

In this new school year, we go to the new school and learn many new classmates. My special classmate is called Noname. She is my friend too!

Noname is twelve years old now. She has long black **straight** hair. She is **tall** and she has a **narrow face**. She has **fair complexion**. She has some **freckles** but she is really **attractive**. She always likes to wear white T-shirts or a black dress.

Noname is a **considerate** person. She always helps people. She is also **energetic**. She always does sports but she never gets tired. She is a little bit **clumsy**. Sometimes she drops her things. She is very **outgoing**. She likes talking to others very much. If someone is **introverted**, she will talk to him or her. The introverted will become outgoing.

Noname loves music so she plays the piano every weekend. She likes going hiking too. She is also good at sports. She has gotten a prize in a running competition before. Her dream job is to become a doctor. She hopes to help many people. She loves cheese cakes and chocolate ice-cream very much. She has a cat called Mimi. It is very cute. She enjoys talking to her family very much and she loves her mother and father.

Although we only know each other about one month, we have become very good friends. I hope we can stay good friends forever.
