

Thomas: the Muscular Gorilla

Have you ever met the strongest man in our classroom? I am sure you will be attracted by his muscle at first glance! Thomas is a sporty student.

Thomas has a round face and short hair. His eyes are as bright as a star. He is robust and muscular. His arm is so toned that he can carry a lot of heavy things. He is tall and handsome. At first sight, he looks like a giant.

Thomas is an energetic and active boy. He plays diverse sports when he is free. He is keen on playing volleyball. He joins the volleyball school team and gets a lot of medals. He calls himself the strongest volleyball player in the school. Also, he is an enthusiastic and humorous man. When I first entered the classroom, he welcomed me immediately and introduced himself. He likes telling jokes and always makes me laugh.

Also, he reads books in his spare time. He loves reading the bible because he loves God very much. Because of that, he chooses to be a subject coordinator of Religious Studies.

His dream job is to be a taxi driver because he loves travelling around Hong Kong. He is curious about everything that he doesn't know.

He is a brother of mine in the school as he is protective and smart. I hope that he won't stay in secondary one more time.
