

Student Achievement 學生成就 (2017-2018)

The 58th International Mathematical Olympiad (IMO)		Date: September 1, 2017
Section	Name of Student	Award
---	Lee Shun-ming, Samuel (2017 Graduate)	Gold Medal
<u>Description:</u>		
<p>Our alumnus Lee Shun-ming, Samuel (2017 Graduate) has won a Gold Medal for the Hong Kong team in the 58th International Mathematical Olympiad (IMO) (第 58 屆國際數學奧林匹克) held in Rio de Janeiro, Brazil (巴西里約熱內盧).</p> <p>The IMO was held from 16 to 23 July 2017 and 615 mathematically gifted contestants from 111 countries or regions met together to compete for medals. He has actually won the Gold medals in both 57th IMO and 58th IMO.</p> <p>His marvellous achievement in this well-recognized competition has brought great pride to his parents and teachers who have given him tremendous encouragement and support all along. His accomplishment gives encouragement to our students to try hard to learn and participate in various activities and competitions which will positively enrich their learning experience and widen their horizons.</p>
