

My Favourite Things

by Lee Wing Chun 2B

Going to the theatre to watch a show
The sight and smell of fresh falling snow
Watching seals in their natural habitat
Meeting friends and heartily chatted

Watching penguins at the zoo
Together with elephants and zebras too
The wonderful sight of the Victoria Harbour
The distinctive toll of the clock tower

*Enjoying ice-cream in a blaze
Drinking hot chocolate on a cold day
Waddling on the sand to see how my feet feel
Wriggling my toes to shake off the sand thrills*

*Flying kites high up in autumn
Diving down into the cool sea in summer
Camping out and sleeping on a cot
These are all of my favourite things.*
