

My Favourite Things

Listening to Adele and A capella
Dancing and jumping like a sparkling star
Cool autumns and warm springs
These are a few of my favourite things

Divergent told me to be myself
Sudoku books lie lazily on the bookshelf
Pieces of Gershwin free and swing
These are a few of my favourite things

Long distance running practice every Thursday
Praise and pray to the Lord every day
Surprising presents tied up with strings
These are a few of my favourite things

When I feel depressed
When my brain is messing
When I feel stressed
I simply think of my favourite things
And sadness disappears but blessings
